

SAFETY STARTS WITH US

Jiann Lih Safety Products was established in 1989. Our parent company in Taiwan has more than 20 years of experience in lens manufacturing. Jiann Lih has grown to become one of the leading manufacturers of personal protective eyewear in Asia.

In Malaysia, we are the one and leading manufacturer of personal protective eyewear as we are the one and only manufacturer in Malaysia. We develop and produce protective eyewear with excellent quality at competitive prices.

As a manufacturer of protective eyewear, our products passed global safety standards such as CE, ANSI, CSA and AS/NZS. To maintain consistent quality, we test our products daily. Due to our long established reputation for quality products and services, Jiann Lih enjoys a strong competitive position in today's global marketplace.

Ninety-five percent of our products exported to United State of America, United Kingdom, France, Germany, Spain, Switzerland, Republic of Ireland, Norway, Costa Rica, Brazil, South Africa, India, Japan, Korea, Australia, Singapore, Indonesia, and Thailand. Needs of more protective eyewear in the market has encouraged us to put more efforts in developing our products.

Least defect in our production is the main reason that we can offer better pricing than our competitors. In Jiann Lih Safety Products, with our long history of technical excellence and innovative products, we continue to strive for product and process improvements.

High quality products and prompt reliable service to our customers are the secret of Jiann Lih's success.

COMPANY PROFILE

01

HEAD PROTECTION

HEAD PROTECTION

HM1(vented) / HM2 (non-vented)

- Light, comfortable & well-ventilated
- Hard shell made of UV-resistant ABS or HDPE materials better in absorbs and resists high impact
- Available in ratchet-adjustment, tape & plastic suspension lining harness
- Available in 7 shell colours: white, yellow, hi-vis yellow, orange, red, green & blue
- Easily detachable harness and fully adjustable to fit head sizes between 53cm to 66cm
- Ready with universal accessory slots to fit with myriad eye, face & hearing protection products

HEAD PROTECTION

SLOTTED CAP FRAME

- Lightweight design
- Engineered with dielectric materials
- Fits most hard-hat

CAP FRAME

- Lightweight design
- Engineered with dielectric materials
- Fits most hard-hat

ALUMINIUM CAP FRAME

- Deluxe aluminum construction
- Fits most hard-hat
- Features with plastic coated tensile spring
- Suitable for high heat applications
- Smooth visor fitting

FACE
PROTECTION

CO₂

FACE PROTECTION

BG-1

- Lightweight and unique design
- Fits over most faceshield
- Ratchet adjustment headgear
- 7-position harness strap adaptable to any head size
- 3-position crown angle-adjustment

BG-2

- Lightweight and unique design
- Fits over most faceshield
- Ratchet adjustment headgear
- 7-position harness strap adaptable to any head size
- 3-position crown angle-adjustment
- Optional flip IR-shade visor

FACE PROTECTION

I-1

- High impact bullet shape polycarbonate visor
- Fits with most headgear
- Available in uncoated, gold mirror and IR-Shade 3.0 & 5.0
- Thickness: 2.0mm

I-3

- Cylinder shape polycarbonate visor
- Fits with most headgear
- Available in uncoated, gold mirror and IR-Shade 3.0 & 5.0
- Thickness: 2.0mm

PC Flat Faceshield

- Flexible clear faceshield
- Size: 8 x 15.5 x 0.04 inches
- Thickness: 1.0mm

FACE PROTECTION

WG-1

- Lift-up front cover google with hooded vents
- Flip one piece lens holder made from impact resistance black ABS plastics
- Plate available in EN171 Shade 1.2, 1.4, 1.7, 2.0, 2.5, 3.0 & 5.0
- Indirect ventilation to prevent fogging
- Replacement shade lens and clear PC lens available
- Wide contact between goggle and face provides a very comfortable fit

WH-1

- Outstanding heat resistance and insulation
- Made of high-impact resistant PA shell
- Molded-in glass holder to ensure durability & better protection
- Prime finishes outer PA shield surface is also available
- With ratchet headgear and large face shield
- Fixed welding lens (1.78"x4" or 45mm x 102mm) on PA shell & clip-up clear PC lens (1.9"x4" or 47mm x 110mm) to prevent scratches on welding lens
- Lens available in Shade 1.2, 1.4, 1.7, 2.0, 2.5, 3.0, & 5.0
- Complies with EN175

W100

- Helmet with variable shade 9-13 AD filter with infinite sensitivity, grind, delay, & TIG to 5 amps
- Protection against harmful UV/IR rays to an industrial leading shade 16
- Designed for general purpose light duty use

W200

- Helmet with variable shade 9-13 AD filter with sensitivity delay
- External switch facilitates infinite shade and sensitivity adjustment
- Resistant to water & dust
- TIG welding to 5 amps, multiple delay modes, and shade 16 level eye protection

W300

- Streamlined & lightweight helmet
- Helmet with variable shade 9-13 AD filter with sensitivity delay
- External switch facilitates infinite shade and sensitivity adjustment
- Resistant to water & dust
- TIG welding to 5 amps, multiple delay modes, and shade 16 level eye protection

03

GOGGLE

GOGGLE

440

- Economical goggle
- Direct ventilation provides maximum airflow
- Fits over most prescription glasses
- Made of non-irritant elastic strap

441

- Economical & comfortable goggle
- Ultrasonic-sealed vent caps
- Fits over most prescription glass

ET-31

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Features with four point indirect ventilation
- Optional embroidered headband

ET-39A

- Economical goggle
- Direct ventilation provides maximum airflow all the time
- Fits over most prescription glasses
- Made of non-irritant elastic strap
- Optional silicone strap

JIANN LIH

ET-49A

- Economical goggle with indirect ventilation
- Features with quad vents to minimize lens fogging
- Fits over most prescription glasses
- Optional silicone strap

GOGGLE

G-05

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Fitted with indirect ventilation
- Wrap-around modern style provides excellent panoramic vision
- Opalescent frame prevents light reflection
- Optional embroidered headband

G-04

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Fitted with indirect ventilation
- Wrap-around modern style provides excellent panoramic vision
- Opalescent frame prevents light reflection
- Optional embroidered headband

G-10

- Economical and comfortable goggle
- Fits over most prescription glasses
- Non-vented frame protects against dust and flying debris
- Made of non-irritant elastic strap

G-03

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Fitted with indirect ventilation
- Wrap-around modern style provides excellent panoramic vision
- Optional embroidered headband

G-05-2

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Features with two point indirect ventilations
- Wrap-around modern style provides excellent panoramic vision
- Opalescent frame prevents light reflection
- Optional embroidered headband

GOGGLE

G-06

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Features with indirect ventilation
- Wrap-around modern style provides excellent panoramic vision
- Opalescent frame prevents light reflection
- Optional embroidered headband

G-08V

- Wide vision goggle provides high levels of comfort and maximum protection
- Designed to give optimum fit to all facial contours
- Comfortably fits over most spectacles
- Features with indirect ventilation
- Wrap-around modern style provides excellent panoramic vision
- Opalescent frame prevents light reflection
- Also available with non-vented frame
- Optional embroidered headband

G-08PA

- Duo lenses consisting of outer polycarbonate lens and inner acetate lens
- Acetate lens protect against chemical splashes
- Wide vision goggle ensure 180° panorama view
- Lightweight and non-vented PVC frame
- Optional foam to surround the PVC frame for comfortable fit
- Optional embroidered headband
- Available in anti-scratch outer lens/anti-fog inner lens or anti-fog on inner & outer lens

GOGGLE

G-09

- Wide vision goggle provides 180° panorama view
- Easy 4-steps lens replacement
- Indirect ventilation to prevent fogging
- Ergonomically design with co-injected frame
- Able to withstand extreme temperatures
- Designed to give optimum fit to all facial contours
- Optional embroidered headband

MG-01

- Overwhelming goggle complying military standard
- Ballistic-impact resistant with lens thickness 2.8mm
- Extra wide elastic headband thwarts slippery while worn
- Available selection of either PVC or TPU frame
- Optional RX insert

04

SPECTACLE

A dark rectangular area containing abstract, wavy lines in shades of red, blue, and purple, creating a sense of depth and motion.

SPECTACLE

ET-7

- Single-piece lens fit perfectly on different face contours
- Wrap-around frameless design
- Full coverage spectacle
- Exceptional comfort, protection and fit

ET-30

- Single-piece lens fit perfectly on different face contours
- Wrap-around frameless design
- Ergonomically design temple with indirect ventilation
- Exceptional comfort, protection and fit

ET-30S

- Single-piece lens fit perfectly on different face contours
- Wrap-around frameless design
- Ergonomically design temple with indirect ventilation
- Exceptional comfort, protection and fit

ET-30OTG

- Single-piece lens fit perfectly on different face contours
- Wrap-around frameless design
- Ergonomically design temple with indirect ventilation
- Exceptional comfort, protection and fit

SPECTACLE

ET-46

- Single-piece lens with integrated sideshield
- Exceptional comfort, protection and fit
- Adjustable temple to fit distinct face profile
- Hassle-free lens replacement

ET-46PRCT

- Single-piece lens fit perfectly on different face contours
- Exceptional comfort, protection and fit
- Adjustable temple to fit distinct face profile
- Hassle-free lens replacement

ET-51-2

- Single-piece lens fit perfectly on different face contours
- Exceptional comfort, protection and fit

ET-54R

- Classic design
- Ergonomically design temple with sideshield protection
- Exceptional comfort, protection and fit

ET-58R

- Single-piece lens fit perfectly on different face contours
- Exceptional comfort, protection and fit
- Adjustable temple to fit distinct face profile

SPECTACLE

ET-72

- Low profile design with integrated browguard
- Ultra lightweight
- Wrap-around spectacle fits all facial sizes

ET-73

- Single-piece lens with integrated sideshield
- Molded nose bridge offer uncompromised comfort and fit
- Offer outstanding field of vision and exceptional protection

ET-81BS

- Wrap-around protective eyewear combining fashion, fit and function
- Single-piece of lens that will fit most faces
- Offer excellent coverage
- Integrated nose piece

ET-83R

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Pantoscopic adjustment- allow lens angle modification
- Offer excellent coverage

ET-83P

- Stylish wrap-around protective eyewear offering exceptional comfort, protection and fit
- Single-piece of lens that will fit most faces
- Offer excellent coverage

SPECTACLE

ET-83R-2

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Pantoscopic adjustment- allow lens angle modification

ET-83M-2

- Ergonomically & frameless design
- Spring hinge temple
- Wrap-around protective spectacle

ET83M

- Stylish protective eyewear with metal sidearms
- Wrap-around protective eyewear combining fashion, fit and function
- Single-piece of lens that will fit most faces
- Offer excellent coverage

ET-86

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Features with soft nose bridge for comfort

ET-86W

- Stylish straight temple
- Wrap-around protective eyewear combining fashion, fit and function
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Features with soft nose bridge for comfort

SPECTACLE

ET-90

- Wrap-around protective eyewear combining fashion, fit and function
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Single-piece lens that will fit most faces

ET-91

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Lightweight, frameless design ensures a comfortable and custom fit all day long
- Pantoscopic adjustment- allow lens angle modification
- One piece polycarbonate lens with integrated sideshield
- Features with soft nose bridge for comfort

ET-92

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Offers excellent coverage
- Features with soft nose bridge for comfort
- Available selection of bifocal lenses in +1.5, +2.0 and +2.5 diopters

ET-92F

- Stylish protective eyewear combining fashion, fit and functions
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Offers excellent coverage
- Features with soft nose bridge for comfort

ET-93

- Stylish protective eyewear combining fashion, fit and functions
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Offers excellent coverage
- Features with soft nose bridge for comfort

SPECTACLE

ET-97

- Extremely lightweight and modern safety eyewear with outstanding field of vision and exceptional protection
- Molded-in nose bridge provides uncompromised comfort and fit
- Single-piece lens that will fit most faces

ET-97-2

- Extremely lightweight and modern safety eyewear with outstanding field of vision and exceptional protection
- Molded-in nose bridge provides uncompromised comfort and fit
- Single-piece lens that will fit most faces
- Features with soft rubber tip for comfort

ET-97-3

- Extremely lightweight and modern safety spectacle with outstanding field of vision and exceptional protection
- Molded nose bridge provide uncompromised comfort and fit
- Single-piece lens that will fit most faces
- Features with dual-injected rubber

ET-98

- Lightweight, frameless design ensures comfortable and custom fit all day long
- Rubber nose pads provide comfort and protects against slipping
- Stylish straight temple
- Single-piece lens that will fit most faces
- Features with soft rubber tip for comfort

ET-98A

- Lightweight, frameless design ensures comfortable and custom fit all day long
- Rubber nose pads provide comfort and protect against slipping
- Stylish straight temple
- Single-piece lens that will fit most faces
- Features with soft rubber tips for comfort

SPECTACLE

J-01

- Wrap-around protective eyewear combining fashion, fit and function
- Adjustable temple length- enables wearers to fit the eyewear to their facial profile
- Pantoscopic adjustment- allow lens angle modification
- Integral nose bridge

J-07SCT

- Wrap-around protective eyewear combining fashion, fit and function
- Single-piece lens that will fit most faces
